

GENERAL FIBRE

Envirotray[™]

General Fibre, an industry leader for 87 years in supplying organic based packaging solutions is proud to introduce the Envirotray. A biodegradable, sustainable alternative to plastic. With our Liners, Packers and now the Patent Pending Envirotray we are your partner in reducing plastic into the waste stream.

The Envirotray is an environmentally friendly insert for securing items, particularly perfume, cosmetic treatment, tubes or similar. Manufactured exclusively in house by GENERAL FIBRE PRODUCTS CORP.

Some advantages of the Envirotray are:

- Concept to delivery in 3 weeks or less
- Recyclable
- Biodegradable
- Speed to market
- FSC material options
- Low Cost Tooling
- Economical
- Reduces plastic in waste stream
- Over 120 colors in stock

General Fibre has been servicing the cosmetic industry since 1933.

Our focus has always been sustainable paper solutions, quality, and service excellence.
